

SOLAR SYSTEM COOKIES

Ingredients

- 8 round cookies in different sizes for the 8 planets (we've used Digestives, Ginger Nuts, Oreos and Mini Jammie Dodgers)
- Coloured Writing Icing in tubes
- Edible Glitter

You will also need

- Spatula or teaspoons
- Serving Plate

Method

- Lay out your biscuits in order of the planets - MERCURY, VENUS, EARTH, MARS, JUPITER, SATURN, URANUS, NEPTUNE.
- Squeeze the icing onto the cookies and spread it out with a spoon - you can mix up colours on a small plate first if you need to.
- We've used YELLOW/GOLD for MERCURY, YELLOWY/ORANGE for VENUS, BLUE AND GREEN for the EARTH, a bright ORANGEY/RED for MARS, WHITE WITH RED STRIPES for JUPITER, YELLOW for SATURN, a BLUEY/GREEN for URANUS and a BRIGHT BLUE for NEPTUNE.
- Don't forget to add some EDIBLE GLITTER for sparkle!
- If you'd like to make your own icing, mix 100g of icing sugar with a little cold water until smooth and separate out into bowls before adding food colouring of your choice.
